

THE CENTRAL RECORD

EIGHTEENTH YEAR.

LANCASTER, KY., FRIDAY, FEBRUARY 14, 1908.

NUMBER 46

Are You a Trust Buster?

Hey—You!

Yes, YOU'RE the man we mean.

You're always talking about the harm the trusts are doing. The country's going to the demimition bowwows, you say, because of the uncurbed trusts. Rich growing richer, poor getting poorer. Used to be that a poor man could go into business for himself in a modest way and make a good living. Now he must become a clerk or a roustabout or a hodcarrier for some corporation—some combination that has grown to be a Goliath of bigness, that has devoured the fat of the land and is still gourmandizing upon it, till there's not a scrap of bone left for the under dog.

That's your line of talk. You're still handing it out, and you're proud of it.

Well, now, let's see: Are YOU a trust buster YOURSELF?

Didn't we see you stalk up to the postoffice just now and mail a letter with the address of a city Mail Order Store on the envelope? Hey? Didn't we?

Don't you know that the Mail Order Store is a trust—one of the most dangerous in the crowd? Don't you know that it is secretly and silently and slyly closing the doors of opportunity to the young men in country towns and small cities like ours? Don't you know that the Mail Order Trust is collecting the patronage of town and country people by the mail route, thereby cutting down the patronage of the smaller merchant, the local man who is trying to build up a modest, independent, antitrust business?

Hey?

Didn't that ever occur to you?

N. B. (which means note well): Why don't you trade at home instead of helping to build up a trust that hurts your home place?

Local Items.

On March 1st.

On March 1, we have to cut off all names of subscribers who are as much as one year in arrears. Uncle Sam has issued his orders, and when he fiddles we must dance.

Preaching at Fairview.

Rev G W Foley will preach at Fairview church next Sunday morning, at eleven o'clock.

Officers Make Good Catch.

Chief of Police Luther Herron and ex Chief Jas A. Beazley made a good catch of a criminal Friday night when they arrested John Romis, a fugitive from Tennessee. Romis killed a man in Tennessee and fled to this state. The local officers spotted him near Lowell, where he was working on the railroad as a section hand, under the name of Pink Dooligan. When arrested, he made no denial of his identity, and will be returned to the Tennessee officials. Messrs Beazley and Herron are entitled to a good reward for their splendid piece of detective work.

Editor Hansford Here.

Editor Hansford, of the Somerset Republican, was in Lancaster for several hours Monday, having come with the family of Mrs Tram Conn who was buried here. Mr Hansford has been the tripod in Kentucky for many years, and is one of the best newspaper men in the state. He learned the printer's trade under the late Capt F J White, and was a devoted friend to the latter. He tells us Somerset is booming, business in all branches being unusually good. Mr Hansford is a fine gentleman and highly thought of by all who have the pleasure of his acquaintance.

Conn.

The many Garrard county friends of the family were greatly distressed to hear of the death of Mrs J Tram Conn, Jr., which occurred at her home in Somersett Sunday. Mrs Conn, who is a daughter of Capt Joe H Arnold, of this city, was widely beloved by all. She leaves her husband and four children to mourn the loss of a faithful wife and loving mother. Mrs Conn was a true Christian woman and made warm friends wherever she was known. The remains were brought to Lancaster Monday and interred in the Lancaster Cemetery. The family have the deep sympathy of all in their great bereavement.

By All Means Pass It.

A bill has been introduced in the Legislature which provides that any injury arising from a defective pavement shall be a lien on the abutting property and shall be paid by the owner of the property.

Out of All Reason.

One of the smart aleck legislators has introduced a bill prohibiting any sportsman from catching over twenty-four fish, shooting twenty-four quail, twenty-four doves and twelve pheasants in one day. That settles it, and our dog and lug are for sale.—Glasgow Times.

Cutting Down Expenses.

On account of the falling off in business, the L & N has discharged seven crews and twenty-one brakemen. Business in this line is affected like all others on account of the panic. There has been some talk of moving the officers of the Paris division to Covington.

The Hipless Skirt.

The Richmond Register says when you see your wife or sister walking as if she were stepping over some obstruction—stepping high and for all the world like an old barn-yard hen, don't "cluck cluck" to her. For fashion has decreased, in addition to new creations in dresses, that women shall adopt the new stride. It is the result of the hipless, tight skirt. To pull off this walk thing madame lifts her leg from the knee, pointed downward, just as a hen walks. To become expert long practice is necessary, but the fashion bound woman does not mind a little thing like that. If the new walk takes as it promises to, Main street will soon look like a storm at sea, the rising and falling knees giving the effect of storm tossed waves.

Thinks Taft the Man.

Senator McCleary said in an interview at Washington, that Taft will be the Republican Presidential nominee, says Washington dispatch. There is no danger of war between the United States and Japan, according to Senator McCleary, who is a member of the Senate Committee on Foreign Relations.

"The most prominent men of Japan, who have recently visited this country," said the Senator, "have assured us that Japan entertains only the best of feeling of friendship for America, and many Americans of prominence, who have visited the Mikado's empire lately, report that there is no sign of enmity against the United States on the part of the Japanese people. I do not believe there is any good excuse for the war talk whatsoever. It does a great deal of harm."

Newspapers Ready and Willing.

Harrodsburg Democrat:—In this issue of the Democrat is published an article on "The Pulpit's Ally," which is worth attention. Dr Goodenough seems to think that the modern news paper is just coming to a realization of its duty. There is no question but that the press is rapidly progressing to a higher conception of its duty and mission in evangelizing the world. The editor of The Democrat has been preaching this to the press associations and to the pulpit for years. The fact is that the preachers, as a rule, have been slow to use the great power ready to their hands. The newspapers have been and are ready to give their services for the advancement of Christianity, but the pulpit has not with readiness and zeal made use of the public prints as it should have done. The preacher has been too much inclined to consider it immodest to "advertise" services and sermons and draw the people to them. There is no question about the power of the press to reach somewhere where the preacher reaches hundreds. Then why not use it for good? Let the pulpit take hold of this modern power and use it for the Master's cause.

Squire R. A. Noel Dead.

"Squire R. A. Noel died very suddenly, Wednesday morning, of heart trouble. He had been ill for some weeks, but nothing serious was feared, and, when he was taken so very ill Wednesday, he lived only a few minutes. Squire Noel was one of the best-known men in Garrard county, having spent his life here and being prominent in both politics and matters pertaining to the welfare of the county. He was a magistrate continuously for 26 years, serving to the satisfaction of all concerned. He enlisted and served through the war in the 11th Ky. Infantry. He was a member of the Antioch Christian church, and lived a life which won for him the confidence and respect of all who knew him. He was married to Miss Pattle Burton, of Madison, who with the following children survive: Will T., Bob L., Arthur and Lewis Noel, and Misses Minnie McCull & Mollie Long. Montie Kelly, Jennie Davis. Funeral services were conducted at the Lancaster Cemetery this (Thursday) afternoon, conducted by Eld. F. M. Tinder. The Record extends deep sympathy to the bereaved family.

Sentenced To Hang.

Prof Robt Mitchell, the well known band leader, has been sentenced to be hanged at Marietta, Ga., for killing a man. Mitchell is well-known here. He and his large family of children furnished music at Crab Orchard Springs one season.

Second-Class Mail Matter.

Member Ky. Press Association.

Lancaster, Ky., February 14, 1908.

"The decent people of the country are to be congratulated that the notorious Thaw trial is at an end," say many newspapers. If the "decent" people have such contempt for such matters, why in thunder do they read it? The newspapers would not print such stuff if the public did not demand it. There's just about as much consistency in the "decent" people knocking on the Thaw trial as there is in the hypocrites who want to hang a fellow for taking a drink openly and above board and then keep a jug at home. There is more sham religion, mock modesty and general hypocrisy today than ever before in the history of the world.

A special from Frankfort says friends of R. L. Hubble who is better known in his bailiwick as "Took" Hubble, the hard-working Senator from the Eighteenth district, composed of Lincoln, Boyle, Garrard and Casey counties are grooming him for another term in the upper branch of the General Assembly. Senator Hubble is looked upon as one man who can carry the Democratic banner to victory in this district which is uncomfortably close. He knows every by-path in the four counties, and keeps in close touch with "the boys."

The usual cut and dried prayer offered at opening the National House of Representatives was considerably out of the ordinary run of matters, and of the right and timely spirit when, the other day, the blind chaplain prayed as follows: "Good Lord, deliver us, we beseech Thee, from the jingo, the demagogue, the bigot and all other undesirable citizens, and give us, instead, the patriot, the statesman, the broad-minded, generous hearted, manly man, that Thy kingdom may come and thy will be done on earth as it is in Heaven, for Christ's sake, Amen."

The dead-lock at Frankfort continues, and those claiming to know say there will be no election of a United States Senator at this session of Legislature. In the mean time, legislation has been completely blocked and no bills of any importance have been passed. The expense is very heavy on the tax-payers but they can do nothing but grin and bear it.

The killing of Judge Jas Hargis by his son, at Jackson, was one of the most brutal crimes in the history of fued-ridden Breathitt county. It is true that Judge Hargis had been instrumental in bringing about the death of many men, but this gave no right to the boy to take his life, and he should be punished for the crime.

The Kentucky republicans are divided in choice as between Fairbanks and Taft for nomination for president. Teddy can shake his big stick, however and line up enough to carry the state his way. We think so because the illustrious Ted has never fallen down on any proposition as yet.

Many Sleepless Nights, Owing to a President Cough. Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J Hayner editor of the Burley, Colo., Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by F P Fribble. Im

You Hear SOME TALK THESE DAYS ABOUT ECONOMY

Maybe you're being economical yourself. It's a good thing; we believe in it; but it's best to be clear as to what economy is.

Economy isn't buying cheap stuff because it's low priced; nor paying too much for good stuff because it's good.

Real economy is measured by comparing what you get with what it costs; a question of proportion not price.

That's why you ought to buy our Hart Shaffner & Marx clothes; they're all-wool; perfectly tailored; correct in style. You get better value and bigger returns for your money in these goods than any other.

The New Ten Commandments.

1. Thou shalt not go away from home to do any shopping, nor thy wife, nor thy sons, nor thy daughters.

2. Thou shalt patronize thine own merchants; that they shall not be driven from their home to find food for their children.

3. Thou shalt patronize thine own merchant and also the printer and they shall patronize thee.

4. Thou shalt pay their bills promptly that thy credit may be good in the land where thou dwellest, and thy neighbors greet thee gladly, then deposit thy surplus in home banks.

5. Thou shalt not knock the props from under thine own town in order to revenge on thine enemy least thou perish within him.

6. Thou shalt not incline thine ear to the voice of pride, nor permit vanity to overcome thy heart.

7. Thou shalt spend their earnings at home that they may return whence they came and give nourishment to such as come after thee.

8. Thou shalt not bear false witness against the town wherein thou dwellest, but speak well of it in the ears of all men.

9. Thou shall not covet thy neighbor's seed wheat nor his meat hog, nor the cow, nor the corn which is in his crib, but whatsoever thou desirest thou shalt buy of him and thou shalt pay the price thereof in the coin of the realm.

10. Thou shalt keep these commandments and teach them to thy children unto the third and fourth generation, that they may be made to flourish and wax rich while thou art laid to rest with thy fathers.

FARM LABOR.

Hard to Get and of Poor Quality—A Suggested Remedy.

One of the most common complaints to-day coming from the farm is the incompetency of most of the farm laborers that can be secured. It is not to be doubted that this will result finally in the establishing of some kind of school or bureau where it will be possible for crude laborers to be made into competent farm laborers.

There are thousands of idle men in the cities in ordinary times that would be glad to go out and work in the country if they understood the work. Farm work also varies so greatly in character that one kind of a farm laborer is not well fitted to do other kinds of farm labor.

Thus a city man that has worked as stable man in a great horse-breeding establishment would not be well fitted by his experience to go to work for a horticulturist. When he loses his position with the horse-breeder, he turns his face city-ward and goes to work for some man in town. If he had an opportunity to learn how to do all kinds of farm work he could readily change from one class of work to another, but as a matter of fact it is not easy for a man that wishes to learn farming to get with a man that will let him learn all kinds of farming. Usually his work is so one-sided that he makes little progress.

This is a matter that will doubtless be taken up in time by the departments in our agricultural colleges that deal with farm economics, thinks Farmers' Review. It would be entirely easy for some one of our agricultural colleges to start such a fitting school as an experiment, with the idea of turning out annually a few all-around farm laborers, who would have learned many kinds of work in the various departments of the experiment station farm. Laborers so taught would have the advantage of having been taught more correct principles of farming than is true with most laborers, who pick up a good deal of error with the facts they acquire.

Was Good Opinion of Women.

"Men have no organization in the world that is doing as much for the world at the present time and for civilization as the National Federation of Women's Clubs," said Prof. Zephina of Chicago in an address at Minneapolis.

He said that woman is not only stronger mentally, but she is superior to man physically, and the day of her equality with man is at an end as she is in every respect his superior.

In addition to being one of the best citizens and cleverest men in Lancaster, our good friend Jacob Joseph is also a most enthusiastic lodge man. He belongs to every secret order, except the toll gate raiders and night riders. He is a useful man in every way, and our artist brings out the fact that he does his full duty when meal time arrives.

B C Summers, near Sonora, sold a couple of good mules for \$162.50

Clarence Summers, of Hardin county last week bought a pair of new mules for \$370.

Mr E H Wise, of Shelbyville, reports sale of six coming two year old mules for \$150 each; also three cotton mules for \$410.

On nine acres of land near Ewing, this state, Judge W F Howe raised 18,270 pounds of tobacco and sold it to Mr Roy Arnold's death. He belonged to one of the largest and best families in Kentucky. He leaves three brothers, Mr Joe Arnold, Mr Thompson Arnold and Mr Clay Arnold. He also leaves six children, Alex, of West Virginia, and the remaining five of this county, Thompson, Roy and Mesdames Ben and Will Swope, J Wesley Walker and Ben Lear. All that loving hands could do was done, but he prayed the Lord to remove him from this world of sin and sorrow, and testified daily of feeling the presence of God and seeing the loving hand of his loved ones beckoning him to the bright Home not made with hands. He said at the last, "Let me go—I can see the brightness that my soul has longed for these twenty years, and my soul is being transplanted to my Heavenly Home." He gave each child his dying blessing and asked each to promise to meet him in Heaven. He was in his sixtieth year.

At Georgetown, county court day, Chas Thompson, of Lexington, bought eighteen mules at \$150 to \$212.50, and L Beard, of same place, bought one pair of small mules at \$300.

A number of mules were on the streets of Columbia, Tenn., last Monday, and while no Southern buyers were on hand, local buyers picked up a number. The best price reported was paid by Jim Fly to Jack Granberry for a pair of black three-year old, for \$125.

Lexington Leader.—R B Early, who recently bought the Chenoweth farm on the Maysville pike, is preparing to put in a seventy acre hemp crop, and began Thursday to "break up" a field that has not been ploughed in forty years. This field has been in grass all these years, being used as a pasture.

Harrodsburg Herald.—Auctioneer McGinnis reports court day sales as follows: About 100 cattle on the market; long yearling steers brought 4 cents a pound; heifers \$14 to \$17; cows \$20 to \$30. Horse market dull and few offered, a few selling at from \$40 to \$60; mules \$65 to \$85. An extra bunch of heifers sold at \$18.75 a head.

Danville Advocate.—That hard times have not affected the price of good stock is evidence by the fact that good animals are bringing the same high prices as of yore. Mr John E Baldwin, one of our best-known and most successful farmers, sold this week to the Standard Oil Company a pair of mules for the neat sum of \$425. This does not look at all like panic time.

Richmond Register.—Mr A B Scanlan, of this county, has broken the record for the sale of tobacco. Last week he disposed of his entire crop in the Lexington market for an average price of nineteen cents. This is the top notch price on record for so large an amount of tobacco, which totaled 3,800 pounds. Some of this brought as high as 24 cents, but the average of nineteen, is conceded to be the best ever received for one man's entire crop in Kentucky.

If the tobacco crop of 1908 is cut out it means an increasing crop of other kinds. The thirty-six hundred acres that usually is put into tobacco will not furnish employment for the labor usually given to tobacco if put into corn or hemp and, if some other crop that requires more labor could be substituted, it would be well. Why not try a canning factory? Our soil will grow almost anything, and these institutions almost invariably are paying ones. Some of our land could profitably be put in broom corn, for which there is ready sale as paying prices. The money from farming is in diversified crops and the community would be better off in the long run if another stalk of tobacco should never be grown in the county.

A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the Stomach or stimulate the heart of the eye causes an irregularity in the curvature of the cornea which is known as astigmatism. This is detrimental to distant vision and makes reading and near work difficult.

A Cane in Defense. "If you want to keep off hold-up men," said an old detective to the observer, "carry a cane. A hold-up man is more afraid of a cane than he is of a revolver. He's deathly afraid that the man carrying it will hit it in his face or eyes or get the end of it in his mouth. On this account they're just as much afraid of a small, light stick as they are of a heavy one."

"There are so many different ways of using a cane that a man doesn't know just which way to guard against it. And any man can use it. Nine men out of ten who carry revolvers couldn't hit the side of a barn with them, and the 'hold-ups' know it, but it doesn't take any skill or practice to learn to slabbang away with a walking stick."

Greatest of Nuisances. Did you ever consider how much trouble and turmoil in the world is stirred up by loafers? Do it, and you will be surprised. Investigate carefully and you will find that nine of the ten fuses and quarrels that you know of in your town or neighborhood were started by loafers who had no business of their own to attend to and so got busy with other people's affairs. The old juvenile proverb that "satan finds some mischief still for idle hands to do" is as true as the gospel. There can be no such thing as absolute idleness. Activity of some kind is essential to existence. Men and women have to do something and when they have no work of their own to occupy their minds they get busy with the affairs of others and make trouble always. This applies to the women loafers as well as the idle, little-living men.

Suffering & Dollars Saved. E S Loper, of Mirilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklin's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at R E McRoberts Drugstore.

To Improve the River.

Bills for the improvement of the Kentucky and Big Sandy have been prepared by Representative Langley of the Tenth District, after consultation with the chief of engineers. The appropriation for the Kentucky River will amount to \$145,000. It would carry slack water to Bratt's Ferry and into the coal fields. The scheme of improvements prepared for the Big Sandy River contemplates the erection of additional jocks and dams on each fork of the river. Two hundred thousand dollars is made immediately available for the work and \$800,000 more authorized.

In Memoriam.

Such a solemnity seldom falls over a larger number of friends and relatives than was caused by the sad news of Mr Roy Arnold's death. He belonged to one of the largest and best families in Kentucky. He leaves three brothers, Mr Joe Arnold, Mr Thompson Arnold and Mr Clay Arnold. He also leaves six children, Alex, of West Virginia, and the remaining five of this county, Thompson, Roy and Mesdames Ben and Will Swope, J Wesley Walker and Ben Lear.

All that loving hands could do was done, but he prayed the Lord to remove him from this world of sin and sorrow, and testified daily of feeling the presence of God and seeing the loving hand of his loved ones beckoning him to the bright Home not made with hands. He said at the last, "Let me go—I can see the brightness that my soul has longed for these twenty years, and my soul is being transplanted to my Heavenly Home." He gave each child his dying blessing and asked each to promise to meet him in Heaven. He was in his sixtieth year.

His wife was Miss Edna Logan, who preceded him to the grave twenty years ago. His funeral services were conducted by Rev J H Williams, of the Methodist church, and he was laid beside his wife in the Lancaster Cemetery. We heartily sympathize with the bereaved ones, and bid them look to Him for comfort "Who doeth all things well."

Our hearts shrink back from trials, which the future does disclose. Yet we never have a sorrow;

But what the dear Lord chose; So lets send the coming tears back, With the whispered words, "He knows."

Send the Itch Where the Itch Is—Don't Dose the Stomach to Cure Eczema.

Those afflicted with Eczema, pruritis, salt rheum, or other skin disease of a similar nature, should never dose the stomach to rid themselves of the terrible itch. They should doctor the itch where the itch is—cure the skin through the skin, not through the stomach.

Eczema and other diseases of a kindred nature are skin diseases—not blood diseases. Science has shown that Eczema is caused by germs in the skin and that the disease can be eradicated only by killing the germs.

Dr Decatur D Dean was one of the first physicians to follow out the germ theory in skin diseases. Then he discovered that by mixing oil of wintergreen with other soothing agents he had a liquid prescription which killed the germs and cured the awful itch, leaving the skin white and smooth. Since that time this D D D Prescription has been the standard remedy for skin diseases, just as D D D soap is the standard high grade skin soap.

The first few drops of D D D give instant relief from the terrible itch and from the frightful burning of the diseased skin. So reliable is this D D D remedy that hundreds of physicians prescribe it. It is a wash as thin as water and as mild and as pure, which is applied to the diseased portion of the skin.

Mrs Frances Richmond, of Milton, Trimble county, Kentucky, writes:

"My little girl's fingers were sore all

to the bone from Eczema. I used most of the sample bottle of D D D Prescription received from you and now they are well. It is a wonderful skin remedy."

We carefully investigated this D D D Prescription, before recommending it to our neighbors and patrons, and after a long experience we are more than ever convinced of its wonderful merits.

R E McRoberts, Lancaster.

You needn't decide now, but call at our store anyway and we will show you how this D D D Prescription gives instant relief from itch.
